Hi everyone,

*M*y newest book One Night is being released today! LOL I know short notice, but with everything that was going on I wasn't sure I'd make the date.

Here's One Night's awesome Cover and Blurb for your enjoyment:

Darren likes to play the field, and has no interest in looking for a serious relationship. When he meets Tabetha, the sparks fly, and to his shock she agrees to sleep with him. But there's a catch, he has to promise it's only for one night, with no strings attached.

Don't make promises you can't keep. Once isn't enough, not for either of them, but that doesn't mean a relationship between them is going to be easy-not with vindictive ex-girlfriends, interfering fathers and the kind of misunderstandings that are bound to happen when you've only known someone one night.

Woohooo we've reached 50 Books sold. I'd like to invite everyone whose bought my book to please send me a copy of your receipt, so I can draw a winner.

Now that we've reached 50 sales it's time to hold the draw for everyone who has a receipt and give away 2 tee shirts. Yes you heard me tee's with that hunk on the chest LOL. To enter the contest please send me a proof of purchase at alinecontests@alinedechevigny.com

So in appreciation I will send everyone who emails me at: alinecontests@alinedechevigny.com with the proof of purchase Either a bookmark or magnet or You get the idea. Either way you will receive something with the book cover on it.

And if you like Paranormal Tales of love then Blood Red is for you.

Mikael De Wohlf better known to his kind as Cerberus Gnosis, became the head of his clan with the simple act of killing his Sire. That act alone gained him the power and respect he needed to take control of all the ruling houses and reshape the clans to help them survive in this day and age. His reputation painted him as a ruthless killer and terrified everyone who knew him, everyone but her. Everyone but his Bella, his obsession.

Annabella Micelli knew exactly who he was and wasn't afraid of him one bit. To her dismay she found herself attracted to him and couldn't get him out of her mind. As keeper for his clan she had insights into the Vampire world that other humans would never have and could never know of.

Will Mikael be able win over the one person that could help him attain his goals, or ruin the one chance he had at happiness?
